(Statement of claim) - II

[Dr. Allison]

In 06, 2020 Dr. Allison falsified my diagnosis & court documents saying I was schizophrenic, mentally ill, unstable & threat to FL & Highlands County Community as a potential concern.

I'm not from here. I was was extradited 2-19-2020 from Atlanta, GA not stepping foot in FL since (03/2017, GA resident & officers) § civil commitment Act 1985- Baker Act resident his State.

Prior, in May of 2020, Judge Estrada & Peace River Center (Bartow, FL) Mr. Desanter said, I met grounds for (out patient) (voluntary coming for evaluation) . However, once again not a FL resident, No threats from me.

Out of context. No Judge own duty, not in presence of official, Courthouse closed on 3-13-2019 (Spring break) -

Don't know home address, email of Judge or family members to send interstate threats on " future based intent " as alleged (Hess v. Indiana), (Brandenburg v. Ohio)

Only after, the media Fox 13 & CNN (FL & GA) dropped truth that CF 15-729 was backdated legislation to convict & impeach me as a felon. CF 19-348, was backed (10-1-19) (legislation) Violate Felony Offender of Special Concern, changed 3-13-19, law did not exist, applied retro (Malleong v. U.S. , 1957) (Teague v. Lane, 1986 S.Ct) (Ford v. Wainwright, 1987 S.Ct) (Hurst v. FL , 2014 S.Ct.) death by torture (to force me) by shot, 1x oral, threat drop level to red & be here for 10 more years, because I said " I'm Neuro - Psychotropic drugs hurt & will kill me (Dr. Cram - Neuropsychologist - 2016, 2017.)

Threats could still turn to force. I'm not schizophrenic. I don't have a mental illness.
